Aniket Gawande
(Full Stack Java Developer)

+919579547546 – [Buldhana, India](#) – [Github](#) – [LinkedIn](#) – [Portfolio](#) – aniketgawande966@gmail.com.

Summary

Motivated and detail-oriented Computer Science graduate specializing in Full Stack Development. Proficient in Java, J2EE, Spring Boot, and Oracle SQL for efficient database management. Skilled in building and optimizing scalable web applications using both front-end and back-end technologies. A quick learner with excellent problem-solving abilities, adaptable to different technologies, and constantly seeking opportunities to apply knowledge, learn new skills, and contribute to dynamic team environments to deliver impactful software solutions.

Technical Skills

- **Programming Languages**: C, Java, JavaScript(Basics), SQL.

- **Web Technology**: HTML, CSS, Bootstrap.

- **Database**: Oracle,MongoDB.

- **Frameworks and Technology**: JDBC, Servlet, JSP, Spring, Spring Boot, JPA, MVC.

- **Tools and Software**: Maven, JUnit, Git, GitHub, Log4j&SLF4J, JMeter, Jenkins(CI/CD), Docker, SonarQube, Tomcat(v10.1), Eclipse, Visual Studio Code, Intellij Idea.

Project

Maid For You Web Portal   August – November 2025

Frontend: HTML, CSS, JavaScript, Thymeleaf. **| Backend:** Spring Boot (MVC, JPA, Security). **|**
Database: MySQL. **| Others:** Redis Cache, SLF4J, Docker, JMeter,Eclipse IDE.

- Developed a full-stack service-booking web application with secure authentication, authorization, and OTP verification using Spring Security.
- Implemented CRUD operations and optimized database access with Spring Data JPA and Redis caching for faster performance.
- Integrated SLF4J logging for effective monitoring, tested performance using JMeter, and containerized the application with Docker for easy deployment.

Education

Bachelor of Engineering - (Computer Science Engineering)   July 2020 - May 2024
Dr. Babasaheb Ambedkar Marathwada University
CGPA: 7.53/10

Higher Secondary (12th)   June 2019 - April 2020
Maharastra State Board

Secondary School (10th)   June 2017 - June 2018
Maharastra State Board
Grade: 83.20%

Internship

Let's Grow More   May - July 2023
Java Intern
- Developed and implemented Java modules to enhance application performance and reduce code complexity, Achieved a 20% boost in performance efficiency by optimizing application features, resolved 15+ critical issues with cross-functional teams, and contributed to a 30% functionality improvement by designing and developing new features.

Language

- Marathi (Native)   • Hindi (Proficient)   • English (Proficient)
